Withholding for Federal and State Income Tax

Effective Immediately.

This document contains important tax information on Federal and State income tax withholding.

Please read and keep this document with your important records.

Federal Tax Withholding Options

If you choose federal tax withholding, Citibank will withhold either the percentage that you specified or 10% of the withdrawal/distribution amount. If you are changing your Federal withholding election (or had not previously provided one), please also complete the enclosed Form W-4R. If you elect not to have federal tax withholding apply to your periodic or non-periodic withdrawals/distributions, or have insufficient tax withheld, you may be responsible for payment of estimated tax. Please speak with a tax advisor for more information.

Important: Non-US Persons are generally subject to a 30% withholding tax on the amount of their withdrawal. A reduced rate may apply if you have provided a Form W-8BEN with a valid treaty claim with a country that provides for a lower withholding rate.

State Tax Withholding Options for Withdrawals/Distributions

The state withholding and/or election requirements may be applicable to withdrawals/distributions you take. If federal income tax is withheld, some states also require mandatory withholding. Your state of residence based on your address on record will determine your applicable state income tax withholding requirements. These requirements are subject to change from time to time. Any change of address becomes effective the business day following notification. It is your responsibility to inform us in writing if your address of record has changed to ensure we are applying the correct tax withholding requirements. Check with your tax advisor for the most current state requirements applicable to your withdrawal/distribution.

State Tax Details	State of Residence
State tax withholding is mandatory if payments are made outside the U.S., if an incorrect tax identification number (TIN) has been provided, a form is incorrect, or if you requested federal tax withholding and are resident of:	Delaware (DE): Federal form W-4R may be used to request state withholding. Nebraska (NE): Withholding applies to non-premature withdrawals/ distributions only. No withholding if elect to be out of federal withholding. Use Form W-4N. North Carolina (NC): Must withhold if there is: no TIN or an incorrect TIN.
State has own its rules:	Arkansas (AR): Withholding applies to taxable portion of IRA distributions. Specific dollar amounts cannot be designated unless as an additional amount to be withheld designated on line 4 of AR 4P. First \$6,000 per year of qualified traditional IRA distributions may be excluded from w/h if exemption is claimed on AR 4P.
	Connecticut (CT): Mandatory for payers with an office or business in CT or a payer that makes distributions of taxable pensions or annuities to CT resident individuals, even if there is a federal election in place not to withhold. W/h only applies to taxable portion of distribution. Electing out is not an option.
	District of Columbia (DC): Mandatory on certain lump-sum distributions (entire account balance payment) of any retirement plan, including IRAs.
	Mississippi (MS): Withholding applies to premature and excess distributions. Form 89-350 is used to calculate withholding.

State Tax Details

State of Residence

If federal tax is withheld, state tax will automatically be withheld if you are a resident of one of the following states:

Delaware (DE): If withholding is not federally required, withholding is upon payee election. May elect state withholding even if elected out of Federal withholding. Use Federal form W-4R.

lowa (IA): An election out of federal withholding will eliminate lowa withholding. Use form IA W-4P to elect back into state withholding.

Kansas (KS): May elect state withholding (with K-4, periodical payments only) if elect out of Federal withholding.

Maine (ME): If there is 10% flat withholding rate federally on non-periodic payments (including IRA distributions), the payor must withhold Maine tax at 5% rate. Form W4-ME is needed to elect out of ME withholding, or to elect to have ME withholding if the payee elected out of federal withholding.

Massachusetts (MA): May elect state withholding with Form M-4P.

Missouri (MO): Follows federal guidelines for lump sum and periodic distributions. Use form MO W-4P

Nebraska (NE): Withholding applies to non-premature withdrawals/distributions only. Use form W-4N

North Carolina (NC): May use Form NC-4P to opt out of state withholding when federal is required, or to elect state withholding when federal w/h does not apply.

Oklahoma (OK): If there is federal withholding, then state withholding is required; but payees can opt out for OK purposes even if federally withheld. OK withholding can still be elected even if no federal withholding. Use Form OK-W-4-R.

Vermont (VT): VT withholding even if payee elects optional federal withholding and does not specifically state the payment is exempt from VT withholding. If opt for no withholding, use Federal form W-4R.

If you are a resident of one of the following states and do not specifically opt out of state tax withholding, state tax withholding is mandatory and will be applied: **California (CA):** Mandatory for California residents only. Form DE-4P is preferred.

Michigan (MI): Withholding only necessary for non-qualifying pension and retirement benefits and qualifying private pension distributions that exceed the pension limits for recipients born before 1946. Use Form MI-W4P to opt out of withholding.

Minnesota (MN): A financial institution must withhold MN income tax on any periodic or non-periodic pension distribution for MN residents unless the payee requests that the financial institution not withhold. This includes IRA distributions. Use form W-4MNP

North Carolina (NC): Cannot opt out if no TIN or incorrect TIN. Use NC-4P or a form with same provisions.

Oregon (OR): Use form OR-W-4 to opt out of withholding.

State of Residence
Indiana (IN): Payee specifies a flat, whole dollar withholding amount (\$10 minimum). Use Form WH-4P
Montana (MT): Use Form M-W4 only.
New Jersey (NJ): Use NJ-W-4P or use a form with the same provisions.
New Mexico (NM): May use federal Form W-4P if clearly labeled as being used for purposes of New Mexico withholding.
Georgia (GA): Withholding may be elected for non-periodic distributions from a pension, annuity, or similar fund. Remains in effect until revoked. Amount withheld should not be less than amount which would be required to be withheld if it were a payment of wages by employer. Use Form G-4P.
Maryland (MD): A whole dollar amount of at least \$5/month to be withheld if elected to do so. Use Form MW507P.
Wisconsin (WI): Once recipient requests it, withholding becomes mandatory on the part of the payer (\$5 minimum).
Utah (UT): Payee election of state withholding makes withholding mandatory. State has confirmed that distributions from an individual retirement account are included under the meaning of "pension."

Withholding Certificate for Nonperiodic Payments and **Eligible Rollover Distributions**

Give Form W-4R to the payer of your retirement payments.

OMB No. 1545-0074

1a First name and middle initial	Last name	1b Social security number
Address		
City or town, state, and ZIP code		

Your withholding rate is determined by the type of payment you will receive.

- For nonperiodic payments, the default withholding rate is 10%. You can choose to have a different rate by entering a rate between 0% and 100% on line 2. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its territories.
- For an eligible rollover distribution, the default withholding rate is 20%. You can choose a rate greater than 20% by entering the rate on line 2. You may not choose a rate less than 20%.

See page 2 for more information.

2	Complete this line if you would like a rate of withholding that is different from the default withholding rate. See the instructions on page 2 and the Marginal Rate Tables below for additional information.

Future developments. For the latest information about any future developments related to Form W-4R, such as legislation enacted after it was published, go to www.irs.gov/FormW4R.

Purpose of form. Complete Form W-4R to have pavers withhold the correct amount of federal income tax from your nonperiodic payment or eligible rollover distribution from an employer retirement plan, annuity (including a commercial annuity), or individual retirement arrangement (IRA). See page 2 for the rules and options that are available for each type of payment. Don't use Form W-4R for periodic payments (payments made in installments at regular

intervals over a period of more than 1 year) from these plans or arrangements. Instead, use Form W-4P, Withholding Certificate for Periodic Pension or Annuity Payments. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. Your withholding choice (or an election not to have withholding on a nonperiodic payment) will generally apply to any future payment from the same plan or IRA. Submit a new Form W-4R if you want to change your election.

2025 Marginal Rate Tables

You may use these tables to help you select the appropriate withholding rate for this payment or distribution. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding. See page 2 for more information on how to use this table.

Form W-4R (2025) Page ${f 2}$

General Instructions (continued)

Nonperiodic payments—10% withholding. Your payer must withhold at a default 10% rate from the taxable amount of nonperiodic payments unless you enter a different rate on line 2. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. Note that the default rate of withholding may not be appropriate for your tax situation. You may choose to have no federal income tax withheld by entering "-0-" on line 2. See the specific instructions below for more information. Generally, you are not permitted to elect to have federal income tax withheld at a rate of less than 10% (including "-0-") on any payments to be delivered outside the United States and its territories.

Note: If you don't give Form W-4R to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer must withhold 10% of the payment for federal income tax and can't honor requests to have a lower (or no) amount withheld. Generally, for payments that began before 2025, your current withholding election (or your default rate) remains in effect unless you submit a Form W-4R.

Eligible rollover distributions-20% withholding.

Distributions you receive from qualified retirement plans (for example, 401(k) plans and section 457(b) plans maintained by a governmental employer) or tax-sheltered annuities that are eligible to be rolled over to an IRA or qualified plan are subject to a 20% default rate of withholding on the taxable amount of the distribution. You can't choose withholding at a rate of less than 20% (including "-0-"). Note that the default rate of withholding may be too low for your tax situation. You may choose to enter a rate higher than 20% on line 2. Don't give Form W-4R to your payer unless you want more than 20% withheld.

Note that the following payments are **not** eligible rollover distributions for purposes of these withholding rules:

- · Qualifying "hardship" distributions;
- Distributions required by federal law, such as required minimum distributions;
- Distributions from a pension-linked emergency savings account;
- Eligible distributions to a domestic abuse victim;
- Qualified disaster recovery distributions;
- · Qualified birth or adoption distributions; and
- Emergency personal expense distributions.

See Pub. 505 for details. See also *Nonperiodic payments—10% withholding* above.

Payments to nonresident aliens and foreign estates. Do not use Form W-4R. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, enter "-0-" on line 2. See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

Specific Instructions

Line 1b

For an estate, enter the estate's employer identification number (EIN) in the area reserved for "Social security number."

Line 2

More withholding. If you want more than the default rate withheld from your payment, you may enter a higher rate on line 2

Less withholding (nonperiodic payments only). If permitted, you may enter a lower rate on line 2 (including "-0-") if you want less than the 10% default rate withheld from your payment. If you have already paid, or plan to pay, your tax on this payment through other withholding or estimated tax payments, you may want to enter "-0-".

Suggestion for determining withholding. Consider using the Marginal Rate Tables on page 1 to help you select the appropriate withholding rate for this payment or distribution. The tables are most accurate if the appropriate amount of tax on all other sources of income, deductions, and credits has been paid through other withholding or estimated tax payments. If the appropriate amount of tax on those sources of income has not been paid through other withholding or estimated tax payments, you can pay that tax through withholding on this payment by entering a rate that is greater than the rate in the Marginal Rate Tables.

The marginal tax rate is the rate of tax on each additional dollar of income you receive above a particular amount of income. You can use the table for your filing status as a guide to find a rate of withholding for amounts above the total income level in the table.

To determine the appropriate rate of withholding from the table, do the following. Step 1: Find the rate that corresponds with your total income not including the payment. Step 2: Add your total income and the taxable amount of the payment and find the corresponding rate.

If these two rates are the same, enter that rate on line 2. (See Example 1 below.)

If the two rates differ, multiply (a) the amount in the lower rate bracket by the rate for that bracket, and (b) the amount in the higher rate bracket by the rate for that bracket. Add these two numbers; this is the expected tax for this payment. To get the rate to have withheld, divide this amount by the taxable amount of the payment. Round up to the next whole number and enter that rate on line 2. (See *Example 2* below.)

If you prefer a simpler approach (but one that may lead to overwithholding), find the rate that corresponds to your total income including the payment and enter that rate on line 2.

Examples. Assume the following facts for *Examples 1* and 2. Your filing status is single. You expect the taxable amount of your payment to be \$20,000. Appropriate amounts have been withheld for all other sources of income and any deductions or credits.

Example 1. You expect your total income to be \$65,000 without the payment. Step 1: Because your total income without the payment, \$65,000, is greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. Step 2: Because your total income with the payment, \$85,000, is greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. Because these two rates are the same, enter "22" on line 2.

Example 2. You expect your total income to be \$61,000 without the payment. Step 1: Because your total income without the payment, \$61,000, is greater than \$26,925 but less than \$63,475, the corresponding rate is 12%. Step 2: Because your total income with the payment, \$81,000, is

Form W-4R (2025)

greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. The two rates differ. \$2,475 of the \$20,000 payment is in the lower bracket (\$63,475 less your total income of \$61,000 without the payment), and \$17,525 is in the higher bracket (\$20,000 less the \$2,475 that is in the lower bracket). Multiply \$2,475 by 12% to get \$297. Multiply \$17,525 by 22% to get \$3,856. The sum of these two amounts is \$4,153. This is the estimated tax on your payment. This amount corresponds to 21% of the \$20,000 payment (\$4,153 divided by \$20,000). Enter "21" on line 2.

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to provide this information only if you want to (a) request additional federal income tax withholding from your nonperiodic payment(s) or eligible rollover distribution(s); (b) choose not to have federal income tax withheld from your nonperiodic payment(s), when permitted; or (c) change a previous Form W-4R (or a previous Form W-4P that you completed with respect to your nonperiodic payments or eligible rollover distributions). To do any of the aforementioned, you are required by sections 3405(e) and 6109 and their regulations to provide the information requested on this form. Failure to provide this information may result in inaccurate withholding on your payment(s).

Failure to provide a properly completed form will result in your payment(s) being subject to the default rate; providing fraudulent information may subject you to penalties.
