CitiBusiness® Earnings Credit, Fees and Charges

Earnings Credit can be generated by the eligible balances in a CitiBusiness checking account ("Eligible Account"). Earnings Credit is variable at Citibank's discretion and can be used to reduce or eliminate Monthly Maintenance Charges, Transaction Service Charges and cash management and other banking services fees on Eligible Accounts as well as these other accounts linked to Eligible Accounts ("Designated Accounts"):

- CitiBusiness Interest Checking
- CitiBusiness IMMA
- CitiBusiness Savings

Your Earnings Credit is calculated each month if the combined monthly Average Collected Balance in your linked Eligible Accounts equals \$5,000 or more ("Eligible Balance"). A variable earnings credit rate based upon the 90-day U.S. Treasury Bill, applied to 100% of the account's eligible balance, determines your Credit for that month.

Eligible balances may be tiered and higher Earnings balances may earn higher earnings credit rates. Earnings Credit cannot be carried over from month-to-month and cannot be used for any purpose other than the reduction of the Designated Charges for that month. CitiBusiness Streamlined Checking, CitiBusiness Flexible Checking, CitiBusiness IOLTA, CitiEscrow Accounts and Security Deposit Account are not eligible to generate or participate in benefits of Earnings Credit. For Earnings Credit information call us at 1-877-528-0990.
