Transaction Processing, Overdrafts, and Funds Availability

Transaction Processing Order

First	Deposits made before the cut-off time are added to your account balance.
Second	Fees for services we provide.
Third	Transactions received real-time during the day are deducted as they occur if there is a sufficient available balance in the account to pay for the transaction and any associated fee. Example: ATM, debit PIN or teller withdrawals including cashed checks; transfers or Citibank® Online bill payments initiated by you, debit card purchases at a merchant and most ACH debits that we receive throughout the day.
Fourth	Checks presented for payment and any ACH debit not deducted during the day are deducted from your remaining available balance in the order of lowest to highest dollar amount.

⁸ A substantial penalty will apply for early withdrawals or principal; however, an early withdrawal penalty does not apply to withdrawals from a No Penalty CD beginning on the 7th day after the deposit into your new CD has been fully collected. Please refer to sections 5.5 *Certificates of Deposit* and 5.6 *IRA Accounts* in the *Consumer Deposit Account Agreement*.

Overdraft Protection Transfer Services

No Overdraft Fees	<p>While Citibank will not charge you an overdraft fee, Citibank encourages its customers to consider the impact of overdrawing an account. The ability to overdraw your account may be limited. An overdrawn account has a negative balance. An account can become overdrawn when a Transaction Item is deducted from your account and causes your account to have a negative balance or increases the amount by which your account is negative. In the event of insufficient funds to pay one or more Transaction Items from your Available Now Balance, in our sole discretion we may return (“Returned Item”) or pay (“Overdraft”) one or more Transaction Items. We may discontinue permitting Overdrafts without cause or notice to you.</p> <p>You may deposit checks into your account that are returned, regardless of whether or not your account is overdrawn. In addition, Access Checking accounts are designed so that Transaction Items that cause an overdraft will not be authorized.</p>
Safety Check	<p>Safety Check covers overdrafts by transferring funds from your linked Money Market or Savings account. Safety Check is not available for Access Checking.</p>
Checking Plus® (variable rate) Line of Credit	<p>Upon application and subject to credit approval, a Checking Plus (variable rate) Line of Credit provides overdraft protection when linked to a Regular Checking account.</p> <p>Checking Plus (variable rate) Line of Credit is not available for Access Checking accounts.</p>
